Spanish Summer Assignment Spanish 2H Srta. Creamer 2016

If you have questions about this assignment, please feel free to contact elizabeth.creamer@saintjosephprep.org

Each assigned practice must be completed before midnight of the due date. You may submit them at any time during the week for which they are assigned – NOT any earlier. If you will be on vacation or away from Internet access, please inform me via email and we will arrange a due date for those practices.

Directions
Go to the website www.conjuguemos.com
Your "Student sign in" information is the following:
Username: firstname.lastname – exactly the same as your school email (**without** the @saintjosephprep.org)
Password: spanish(your class) – no capital letters (ex: spanish2h, spanish4cp)

For each assigned practice [Vocab and verbs] you should set the timer for 10 minutes. The number of vocabulary words or verbs you should "attempt" and the minimum percent you need to earn are listed below in the chart. **Please only submit your score ONCE**. If you are at the deadline and haven't met the minimum, be sure to submit your best score.

2H
vocab: 80 words & 80% correct
verbs: 70 verbs & 80% correct

For the vocabulary practice, navigate to the "Spanish vocab (book)" section. The numbers in the chart refer to the practice numbers – check these carefully!

During the vocabulary practice, you **MAY NOT** click on "Vocabulary Chart". I recommend that, before you start the practice, you study the words by either looking at the "List of Words" or reviewing the "Flashcards" on the home page.

For the Spanish grammar practice (SG), navigate to the "Spanish grammar" section. The numbers in the chart refer to the practice numbers- check these carefully! Please screenshot your responses.

For the Spanish listening practice (SL), navigate to the "Spanish listening" section. The numbers in the chart refer to the assigned video. Click on the link next to each number. Click on the "self-graded quizzes" option for each listening video. Once you see the quiz, then click play on the video. When you are done, please screenshot your responses.

For the Spanish verb practice (SV), navigate to the "Spanish verbs" section. The numbers in the chart refer to the practice numbers – check these carefully! You do not need to screenshot these.

During the verb practice, you **MAY NOT** click on "Verb Chart" or "Conjugate". I recommend that, before you start the practice, you study the verbs by looking at the "Verb Chart" on the home page.

You **MUST** be logged in to complete these exercises. The site will NOT keep you logged in forever. **In order to check if you are logged in, look for the frog in the upper right-hand corner that says "Hola" and your name.** If you see this note, it means that you are logged in.

If you reach the minimum number of vocabulary words and/or verbs AND the minimum percent correct before the 10 minutes are up, you may stop the practice. However you may want to continue to try and improve your percentage.

Once you have completed each exercise for the SPANISH VERBS section, you should click on "Record/send results". Next, click on OK and you should see a screen with your score and writing in red stating that your score has been recorded with the site. (Do not worry that it states that 'your teacher' has not been notified by email – I will still get your scores.)

For the SPANISH GRAMMAR and SPANISH LISTENING sections, you must screenshot your work and upload your screenshots to the appropriate Google Classroom assignment by date. If this upload method does not work, please set up a **google doc** entitled "LastName_SpanishDueDate" For example, I would name it "Creamer_Spanish7.9" for an assignment due on July 9th. You will then share the doc with me.

Due Dates	2H vocabulary	2H Grammar and Verbs/Listening
9-Jul	55	SG** 1, 2, 3
9-Jul	56	SG 4
9-Jul	57	SG 9, 10
