Advanced Studio Art (Honors)

Grade 10/11/12 elective

This course allows students to explore the idea of self and surroundings as an artist on a deeper and sustained level. Students are respected as serious artists and the conduct and quality expectations are raised. The curriculum is designed to exponentially grow student's perception and aesthetic awareness. In one-on-one meetings, personal objectives are set out in order to build a diverse portfolio of artwork which is presented at the end of the year in class. Long term projects, including set and stage design alongside the development are large scale creations are further emphasized. Entry to this course is granted only after meeting with Mr. Glozzy for approval.
