Spanish II

The goals of this course are to expand the students' abilities to understand, speak, read, and write in Spanish. In this course students will continue to practice oral, listening, reading, and writing skills. Students will delve deeper into the cultures of the Spanish language. Students will continue to hone their interpersonal communication skills in Spanish through the use of guided writing activities, reading, conversational drills, and audio. Students will continue to develop critical thinking and problem-solving skills by making connections with their own communities. Students will reflect on the nature of language through comparisons of the language studied and their own. Students will continue to prepare to be active participants in multilingual communities.

A special focus of the Honors level will be an increased focus on students' interpersonal communication skills.
