Virtual High School

Grade 11/12

The mission of The Virtual High School is to develop and deliver standards-based, student-centered online courses that increase educational opportunities and 21st century skills. VHS offers over 200 courses, in a wide range of disciplines, including more than 23 Advanced Placement courses. Each course provides a high quality, collaborative learning environment where student exchange and interaction is a valued component of the instructional process. VHS offers students the benefits of highly qualified faculty and an innovative curriculum made up of diverse, exciting learning opportunities in a global classroom. Juniors and seniors may select VHS as an elective course. VHS students participate in their online courses in the Learning Commons under the supervision of the VHS Site Coordinator.
